Minnesota Boy's State High School Hockey Tournament

OPPORTUNITY:

With 18 teams, four full days of action and an average of over 15,000 fans per game, the Minnesota State High School Hockey Tournament was in need of a facility to host the constant capacity of its events and specialized needs of those players, coaches and spectators in attendance.

SOLUTION:

Combine the state of the art, 19,000-seat arena, home to the Minnesota Wild, combined with the Saint Paul RiverCentre to create a perfect fit for the High School Tournament and accompanying events.

THE RESULT:

We have worked with MSHSL to successfully execute the four-day tournament, complete with the Let's Play Hockey Expo, and several banquets throughout the facilities. We create a player, coach and fan experience, considered to be one of the premiere high school tournament events in the country. Using specially created menus, and incorporating décor throughout the facility, we are able to transform both buildings to meet the needs of our clients, while providing an enjoyable tournament experience for high school hockey fans from as far away as New York and California.
